THE PEOPLE COFFEE COUNTY

eiven by Mrs. Albert C. F. Halstead, Inc.

Following the meeting a land Station Montgomery, Alabama 2/26/4tc.

I would like to take this opportunity to ask you for your vote and support in my campaign for Probate Judge of Coffee County. I have had the privilege of serving you as County Commissioner for the past 18 years, and I feel my experience in County Government and my insight of the duties of Probate Judge will enable me to serve you better in that capacity. I appreciate the confidence you have placed in me in the past and if elected Probate Judge I promise to serve all the people of Coffee County faithfully and impartially. I promise to work for harmony with all the people of Coffee County and will strive to make it a better place in which to live. I stand for good Roads, bridges, buildings and sound, progressive Government. I will attempt to see each of you personally, but if I should miss you, your vote and influence will be highly appreciated.

Sincerely,

Also on the panel are Dr. Robert J. Gorlin, division of oral pathology, University of Minnesota School of Dentistry. Both were concerned with the urgent need for a central source of information about a congenital malformations and genetic abnormalities. To meet this demand, the Massachusetts Bay Chapter of the March of Dimes provided a grant for photographs and medical histories of such patients to be circulated throughout several medical centers for comment and opinion.

First of Its Kind

The Syndrome Identification and Consultation Service, first of its kind, is available to physicians without charge. During its first year of operation, requests have been handled from all parts of the United States and abroad.

Doctors seeking advice submit their patient's case history, significant information about pregnancy, delivery and family background, and physical and laboratory findings. Black and white photographs and mailed to five other consultants in medicine, pediatrics, genetics and dentistry. Their evaluation, together with original reports and photographs, is returned to the referring physician as quickly as possible. The opinions may suggest additional testing or treatment and genetic advice to parents. When the consultants in the Syndrome are that many physician is informed.
